JANESSA REED

Henderson, NC | 202-929-7300 | reed.janessa21@gmail.com | jreed2021.github.io | github.com/jreed2021

PROFESSIONAL SUMMARY

Healthcare and data analytics professional with 7+ years of experience in regulated clinical and laboratory environments, Medicare support, and hands-on analysis using SQL, Python, Excel, Tableau, and Power BI. Experienced in validating records, investigating anomalies, monitoring operational KPIs, and communicating data-quality concerns. Builds reproducible healthcare and public-data projects that translate complex findings into clear insights.

TECHNICAL & ANALYTICAL SKILLS

SQL (MySQL) | Python (pandas) | Microsoft Excel | Tableau | Power BI | ELT/ETL | Data Cleaning & Validation | EDA | Descriptive Statistics | KPI Monitoring | Operational Reporting | Exception Identification | Medicare & Healthcare Data | Epic Beaker | HIPAA | MyCallCloud (Contact Center)

SELECTED ANALYTICS PROJECTS

- Federal Public Data Integrity Analysis: Built a Python-to-MySQL ELT workflow for 375 documented federal data changes; resolved CSV ingestion issues, categorized records, and evaluated agency and health-data patterns through SQL/Python analysis.
- Medicare Provider Payment Analysis: Cleaned and validated CMS healthcare data with Python/pandas; examined outliers and utilization patterns, compared Pearson and Spearman correlations, and published findings with visualizations.
- Student Retention Analytics: Analyzed student-outcome data and visualized associations involving scholarships, demographics, employment, and economic indicators; published an accessible summary.

PROFESSIONAL EXPERIENCE

Verification Specialist (Contract) | EngageCX | Remote | Sep 2026 – Present

- Review hourly agent performance reports to monitor call volume, contacts, contact rates, sales conversions, and productivity metrics.
- Identified inconsistencies across reported operational KPIs; questioned metric definitions and escalated potential data-integrity issues to operational support for investigation.
- Verify Medicare-related benefits information and document interactions accurately within established operational workflows.

Healthcare Customer Service Representative (Contract) | Instant Teams | Remote | Sep 2025 – Nov 2025

- Supported retirees with healthcare account and Medicare plan questions, verified member information, documented interactions, and protected PHI.
- Reviewed information across secure systems, researched discrepancies, and maintained detailed case notes to support accurate benefits service.

Embryologist / Andrologist | Wake Forest Baptist Hospital | Winston-Salem, NC | Jun 2023 – Dec 2024

- Reviewed clinical and laboratory information in Epic Beaker for completeness and accuracy; investigated unexpected discrepancies before downstream use.
- Troubleshot documentation and workflow exceptions, coordinated with clinical and IT colleagues, and maintained SOP-aligned, audit-ready QC records.

Laboratory Technologist | Cryos International | Raleigh, NC | Jul 2021 – Jun 2023

- Reviewed laboratory, operational, and genetic-testing records; flagged missing or anomalous information and coordinated corrections in regulated workflows.

Senior Laboratory Technician / Laboratory Technician | Fairfax Cryobank | Fairfax, VA | Jul 2017 – Jan 2021

- Promoted to senior technician; reviewed laboratory and genetic-testing records, investigated inconsistencies, and maintained complete, traceable documentation.

EDUCATION

M.S., Bioinformatics | University of Maryland Global Campus | Apr 2025

Graduate Certificate, Business Analytics | University of Maryland Global Campus | Oct 2026

Graduate Certificate, Cybersecurity Technology | University of Maryland Global Campus | Mar 2026

B.S., Biology | Salisbury University | 2016

CERTIFICATIONS & TRAINING

Good Clinical Practice (GCP), Version 6 | NIDA Clinical Trials Network | Sep 2026 – Sep 2029
